

Motorized Retractable

Easy to install

Wall or ceiling mount

RF remote control

COMPLETE MOTORIZED SOLUTION

Instaal motorized video projection screens allow you to enjoy your movies. From crankcase to engine, every piece has been designed to withstand time. Fluid and fast winding movements are easy and remote for your comfort. The canvas is treated to deliver the best image, with black edges and extra-drop for better contrast and a blackout back so you can place it in front of a window. The fastening system, designed with the utmost care, is reliable and easy to install. A practical and perfectly adapted solution for a dedicated home theater room, conference room or a bar.
